## Daycare Center St. Monika

Our catholic daycare center St. Monika was funded the 15. November 1965 under the sponsorship of the Maria Königin Church Community.

Since the 1st of Januar 2007, we are supported by the now fused Heilig Kreuz Church Community.

In our daycare center, are working exclusively state certified teachers.

## Our Patron– Saint Monika

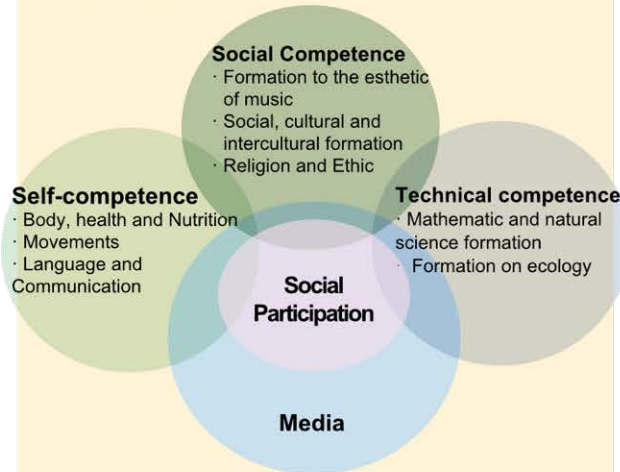

Monika was born in 332 in Algerien. Even though she descended from a christian family, she married the pagan city council Patrizius. Their three children were as christian educated. Augustinus one of her three children, was extremely intelligent and didn't believe in God. Because of this, his mother was always full of worry for him. One day Augustinus disappeared and Monika didn't hear anything about him for a long time.. She was crying all day and didn't stop to pray for her son. Suddenly one day he came back. After this, Augustinus dedicated his time to study and became a famous Professor. With age of 32, he asked to be baptized und became then a priest and later bishop. He was also the most famous catholic teacher of all time. Monika died in 387 AC in Ostia. She is today lying in the baptist of Rom. Saint Monika is the Patron of all mother.

## Work orientation

We want to **actively** involve you in the **organization of our daily-life** in the daycare center. Together we decide on the development of the children.

We are seeking an educational partnership with the primary carers to enable the best possible development of your children (parent meeting-day, flyers, parent evenings, class observation, ...)
